

DIOCESE OF NIAGARA
Volunteer Management and Screening
Reporting Preamble

We often talk about the “Duty of Care” principle for Volunteer Management and Screening. The fact is that we, as the Church with vulnerable people in our midst, have a legal duty to do all that we can to ensure all are safe. For our parishes, you help to fulfill your “duty of care” by ensuring your Volunteer Management and Screening program is up to date and setting into place a process that will ensure that this work continues for the long term.

For the diocese, we fulfill our “duty of care” responsibilities in three ways:

1. by setting clear expectations for parishes regarding the implementation of this program;
2. ensuring parishes are trained and supported regarding volunteer management and screening; and
3. by providing regular and diligent follow-up with parishes that will include reporting measures such as these as well as intermittent audits of parish records.

The following notes will assist you in completing the Reporting Forms. Should you wish to have a Word version of the reporting form template emailed to you, contact Jane Wyse.

Task 1: Complete the 12 Steps Chart

- Our 12 step process will again be used to assist parishes to make sure they are up to date with this program. A complete description of each step can be found at the end of this document.

Task 2: Complete Positions Chart

- The chart contains many rows to input parish positions into, please feel free to add rows to your chart as this document is editable or delete if not needed.
