ILMO. JULIO CÉSAR HOLGUÍN KHOURY  
*OBISPO INTERINO*

To the Diocese of Niagara, Anglican Church of Canada

The partnership between the Dioceses of Niagara and of Cuba has been very important for the Church in Cuba.

The members of our Church have been blessed in many ways, through this partnership in mission. The Church in Cuba, felt alone for decades, and thanks to your companionship, they now feel that they are truly part of the Anglican Communion.

And those parishes that have been visited were really joyful welcoming their Canadian brothers and sisters.

So we were very happy when we received the news that the Diocese of Niagara had decided to extend the relationship until 2005, this came at difficult times for the Church in Cuba.

We send our greetings to all of you, for being truly brothers and sisters in Christ with the Christians in Cuba.
