

135th Synod of the Diocese of Niagara Living the Vision Day (Sat Nov 21)

Below you will find some photographs of the Living the Vision Day which was the 2nd day of our annual Synod. The Hamilton Convention Centre was setup to accommodate this very lively day.

There was a main stage with lots of keynote speakers, prayer and musical celebrations. There were display booths everywhere which share the many new and innovative ideas that are beginning to grow in the diocese of Niagara as a result of the Vision which we are developing and trying to live day by day. The day concluded with the Bishop calling the people the table of the Lord to celebrate a festive Eucharist!

Large numbers of people celebrated the church that we are becoming. It was a day to truly remember for which we are all immensely thankful.
