

Come Down to the River and Pray

* Bishop Susan invites one and all to spend time together with prayer, scripture and music allowing the Spirit to deeply ground our visioning process before we begin to form our mission action plan. No preparation needed, no particular skills are required...just a desire to ponder and hold in your heart the Diocese of Niagara with others surrounded by prayer, song and story.

Music will be led by Scott Weidler, Director of Music at St. Stephen's Maple and familiar to many of us through Music That Makes Community. He will listen to those gathered and help us respond in the moment with music that speaks into our prayers, our readings and our hopes. Prayer and discussions will also respond to the movement of the Spirit.
